	Perhaps we can do something that is line with the
	aesthetic of our complex. I like the white and blue. Of the
9/29/2024	above options I guess #3 is good unless it looks like a
8/28/2024 13:03:00	poster. I think we can have clean white and blue tile would be very nice.

	The new options remind me of theme park decor /
	national park signs. I prefer something understated and
9/29/2024	classy. Please try again (maybe for a homeowner
8/28/2024 14:54:51	committee?), and don't forget that the roof needs attention, as well.

9/1/2024 15:44:47	The expense of a mural appears to excessive. It the work is just to put something on the surface without physical changes then I would prefer a simple paint job using a color in the Baywatch palette.
